# Violence Against Women Justice and Training Program

---

## Purpose

The goal of the Criminal Justice Division (CJD) is to provide needed funding to improve public safety and support victims of crime by filling system gaps and promoting innovative solutions to common problems. CJD is accepting applications for projects that promote a coordinated, multidisciplinary approach to improving the criminal justice systems response to violent crimes against women, including domestic violence, commercial sex trafficking, sexual assault, dating violence, and stalking.

If you are interested in applying for a grant under this program, follow the four-step process outlined below.

**Step One - Review the Process:** Get familiar with the funding announcement and the process used for this particular program.

**Step Two - Consider the Requirements:** Consider the eligibility requirements as well as what will be required of successful applicants.

**Step Three - Apply in eGrants:** Compile and submit your grant application. To understand how to apply online or to register for the system go to <https://eGrants.gov.texas.gov>.

**Step Four – Funding Decisions and Grant Acceptance:** Await the funding decision, which is provided through a grant award or other notice from CJD. If you receive an award, complete the acceptance process to access funds.

## What's New

This year's grant application has several substantial differences from previous years. The changes are summarized below, but applicants should carefully review the relevant sections of this funding announcement and the eGrants application to ensure that CJD does not deem the application incomplete or ineligible for funding.

## Changes in Amended Funding Announcement (Jan. 13, 2017)

The following changes were made to the initially published Funding Announcement in the January 13, 2017 amendment (this version):

- **Prosecution and Investigative Activities Added:** This was erroneously included on the list of ineligible expenses and activities in the original funding announcement. It has been restored.

## Changes in Eligible Activities

- **Indirect Costs:** Some applicants may be eligible to include indirect costs. See the [Guide to Grants](#) and [Grantee Conditions and Responsibilities](#) for further guidance and restrictions.

## Changes in the Application

- **Narrative tab – Program-Specific Questions:** There are several new questions and certifications in this section, including changed requirements regarding immigration and customs enforcement requests (only applicable to certain county or municipal governments). See the section “*Narrative tab – Program-Specific Questions*” under Step 3 of this funding announcement for more information.
- **Narrative tab – Project Narrative:** The instructions for some sections of the Project Narrative on the eGrants application have changed. Applicants must read the “*Project Narrative*” section of this funding announcement to find them – they are not repeated in eGrants.
- **Activities tab – CJD Purpose Areas (new):** Applicants must assign a percentage of their project to certain purpose areas that correspond to their ultimate goal. See “*Activities Tab – CJD Purpose Areas*” under Step 3 of this funding announcement.
- **Activities tab - OOG-Defined Project Activity Area and Measures tab - OOG-Defined Output Performance Measures:** CJD has overhauled the classification of project activities and the associated measures. See “*Activities Tab – OOG-Defined Project Activity Areas*” and “*Measures Tab – OOG-Defined Output Performance Measures*” under Step 3 of this funding announcement for the available activity areas and measures.
- **Activities tab - Fund Source Information and Requirements:** This section has changed. It includes several new questions about project types and activities. It also includes questions for all CJD grant programs, including some that may not apply to this funding announcement. See “*Activities Tab – Fund Source Information and Requirements*” and “*Appendix D: Fund Source Information and Requirements*” for the full list of questions and instructions specific to this funding announcement.
- **New Direct Deposit procedures:** Applicants will now be required to upload direct deposit forms at the time of application. See “*Profile Tab – Grant Vendor Sub-Tab Direct Deposit Procedures*” under Step 3 for more information.

Grantees will also be required to file semi-annual progress reports via <https://cjd.tamu.edu/> in the format required by CJD.

### Cultural Competency

Applicants must be culturally competent when providing services to victims. Victim service providers must have the ability to blend cultural knowledge and sensitivity with victim restoration skills for a more effective and culturally appropriate recovery process. Cultural competency occurs when: (1) cultural knowledge, awareness and sensitivity are integrated into action and policy; (2) the service is relevant to the needs of the community and provided by trained staff, board members, and management; and (3) an advocate or organization recognizes each client is different with different needs, feelings, ideas and barriers.

### Program Income

Applicant must agree to comply with all federal and state rules and regulations for program income and agrees to report all program income that is generated as a result of the project's activities. Applicant must also agree to report program income to CJD through a formal grant adjustment, to secure CJD approval prior to use of the program income, to use program income only for allowable costs, and to expend program income immediately after CJD's approval of a grant adjustment and prior to requesting reimbursement of CJD funds. For the purposes of this program, the deduction method applies unless prior approval is given by CJD for a different method. Program income from asset seizures and forfeitures is considered earned when the property has been adjudicated to the benefit of the plaintiff (e.g., law enforcement entity).

### Regional Council Requirements

Applicants must contact the criminal justice planner at their regional Council of Governments for additional local requirements that may apply, potentially including required workshops and prioritization meetings. To find contact information for your local COG, visit the Texas Association of Regional Councils website at <http://txregionalcouncil.org/>.

### Victim Services Assessment Survey

All recipients of funding under this announcement may be required to participate in a victim services assessment during their grant period, as directed by CJD.

## Standard CJD Requirements

**CJD Regulations:** Grantees must comply with the standards applicable to this funding source cited in the Texas Administrative Code (1 TAC Chapter 3), and all statutes, requirements, and guidelines applicable to this funding. For more information on these statutes, requirements, and guidelines, consult the *Guide to Grants* and the *Grantee Conditions and Responsibilities*.

**Uniform Crime Reports:** Eligible applicants operating a law enforcement agency must be current on reporting Part I violent crime data to the Texas Department of Public Safety (DPS) for inclusion in the annual Uniform Crime Report (UCR). To be considered eligible for funding, applicants must have submitted a full 12 months of accurate data to DPS for the most recent calendar year.

**Criminal History Reporting:** The county (or counties) in which the applicant is located must have a 90% average on both adult and juvenile criminal history dispositions reported to the Texas Department of Public Safety for calendar years 2011 through 2015.

**Immigration and Customs Enforcement Requests:** An application requirement pertaining to full compliance with Department of Homeland Security detainer requests applies to all municipal or county governments that operates a subdivision or department that detains individuals after arrest for a criminal violation. Full text of this certification can be found on the Narrative tab of each application or at [http://gov.texas.gov/cjd/dhs\\_detainerrequest](http://gov.texas.gov/cjd/dhs_detainerrequest). All applicants must select one of four options in their eGrants application to be considered for funding under this announcement.

## Step 3: Apply via eGrants

### Basics

To apply to CJD for these grants, you must complete or make sure you have already completed some standard requirements. All of the following are needed to apply within eGrants:

- 1) Applicants must have a DUNS (Data Universal Numbering System) number assigned to its agency (to request a DUNS number, go to <http://fedgov.dnb.com/webform/displayHomePage.do>);
- 2) Applicants must be registered in the federal System for Award Management (SAM) database located at <https://www.sam.gov/> and maintain an active registration throughout the grant period; and
- 3) Applicants must have or register for an account in <http://eGrants.gov.texas.gov>.

### Profile Tab – Grant.Vendor Sub-Tab Direct Deposit Procedures

New Direct Deposit procedures: Applicants must upload the required [Direct Deposit forms](#), [New Payee Identification Form](#), and [W9 Form](#) for each application prior to submission. The eGrants system will not allow an application submission until these forms are attached to the application. These forms are available at <https://egrants.gov.texas.gov/updates.aspx> under the Financial Management Tools section or by clicking on the hyperlinks above.

## Narrative Tab – Program-Specific Questions

The eGrants system will provide additional information about the requirements of applying and contents of the application. Answer these questions in Section 1, Project-Specific Questions under the Narrative tab. Following are some key aspects:

**Cultural Competency:** Applicants must describe how their organization is culturally competent when providing services to victims. (See “*Program-Specific Requirements*” under Step 2 above.)

**Culturally Specific and Underserved Population:** The following are relevant definitions needed to answer this question.

- *Underserved populations* means populations who face barriers in accessing and using victim services, and includes populations underserved because of geographic location, religion, sexual orientation, gender identity, underserved racial and ethnic populations, populations underserved because of special needs (such as language barriers, disabilities, alienage status, or age), and any other population determined to be underserved by the Attorney General or by the Secretary of Health and Human Services, as appropriate.
- *Culturally specific* means the program is primarily directed toward racial and ethnic minority groups (as defined in section 1707(g) of the Public Health Service Act (42 U.S.C. 300u–6(g)).
- *Racial and ethnic minority group* means American Indians (including Alaska Natives, Eskimos, and Aleuts); Asian Americans; Native Hawaiians and other Pacific Islanders; Blacks; and Hispanics.
- *Hispanic* means individuals whose origin is Mexican, Puerto Rican, Cuban, Central or South American, or any other Spanish-speaking country.

Applicants must indicate whether or not there is a primary focus on serving a culturally specific population. (The organization must do more than merely provide services to an underserved population or culturally specific group; rather, the organization's primary focus must be on providing culturally competent services designed to meet the specific needs of the target population to justify a YES response.)

If an applicant does indicate a primary focus on serving a culturally specific population, the applicant must explain how the applicant's program is specifically designed to focus on and meet the needs of culturally specific populations.

**Victim Referral Process:** Applicants must describe the referral process for their agency including eligibility criteria as well as intake policies and processes.

**Relevance to Priorities:** Applicants must provide a brief explanation if the proposed project has relevance to any or all of the following priorities.

- Improving the criminal justice system response.

- Improving court services regarding domestic violence, sexual assault, dating violence, and stalking.
- Strengthening victim restoration.
- Increasing collaboration and communications across all levels of government and among all victim services.

**Sustainment:** Applicants must be able to provide the number of years that are planned to request for continuation funding, a longer term sustainment plan or why a plan is not possible.

**Rural Victims Services:** Applicants must indicate whether or not the program is located in and provides direct services to victims in a rural area or county, and list the counties or areas of service and their populations to demonstrate how the definition of “rural area” or “rural county” is met.

### Vehicles

*Vehicle purchases are not eligible under the Violence Against Women Justice and Training Program. Applicants under this funding announcement should enter “N/A” for this question.*

### Evaluation Projects

*Evaluation projects are not eligible under the Violence Against Women Justice and Training Program. Applicants under this funding announcement should answer “No” to questions asking if there is an evaluation component to the project, and enter “N/A” for the description.*

## Narrative Tab – Required Certifications

There are a variety of certifications on the eGrants application that applicants are required to make when submitting their application. Applicants should carefully review these certifications, which are also found in “Appendix A: Required Certifications”.

## Activities Tab – CJD Purpose Areas

In this new section of the Activities tab, applicants must assign percentages (adding up to 100%) of their project’s purpose areas to the available categories. Purpose areas should be considered in terms of the ultimate goal of the project, rather than how the project will accomplish its goals.

**Allowable Purpose Areas:** The purpose areas displayed on the Activities tab in eGrants are for all CJD grant programs, but only some purpose areas are eligible under this funding announcement. See “Appendix C: CJD Purpose Areas” for a list of eligible purpose areas.

## Narrative Tab – Project Narrative

Within eGrants, applicants will complete several narrative fields. Each funding announcement has different instructions for the nine Project Narrative boxes. These prompts are not contained on eGrants, so applicants must review the instructions contained in this funding announcement’s “Appendix B: Project Narrative”. Failure to provide the information requested in this funding announcement may result in an application being deemed ineligible for funding.

## Activities Tab – Fund Source Information and Requirements

This section has been overhauled with substantial changes and contains questions that allow CJD to better understand the nature of the project’s activities. See “*Appendix D: Fund Source Information and Requirements*” for specific information applicants must enter there.

## Activities Tab – OOG-Defined Project Activity Area

Applicants must assign percentages of their project’s activities – based on the portion of project budget – that correspond to the eligible activity categories, and provide a brief description. Activity descriptions should reflect the information entered under the “Project Approach & Activities” section of the Project Narrative on the Narrative tab. Percentages must add up to 100.

**Allowable Project Activity Areas:** The project activity areas displayed on the Activities tab in eGrants are for all CJD grant programs, but only some project activity areas are eligible under this funding announcement. Applicants should carefully consult this funding announcement’s “*Appendix E: OOG-Defined Project Activity Area and OOG-Defined Output Performance Measure Information*” for a list of eligible project activity areas.

## Measures Tab – OOG-Defined Output Performance Measure Information

Selecting an activity on the Activities tab will cause all the CJD measurements linked to that activity to display on the Measures tab. Applicants should estimate quantities for each measure that applies to their project, or enter a “0” if a measure is not applicable. Measures should be estimates only of activities that occur during the project period.

**Allowable Output Performance Measures:** The OOG-defined output performance measures displayed on the Measures tab in eGrants are for all CJD grant programs, but only some measures are eligible under this funding announcement. Applicants should carefully consult this funding announcement’s “*Appendix E: OOG-Defined Project Activity Area and OOG-Defined Output Performance Measure Information*” for a list of eligible measures.

## Measures Tab – Custom Performance Measures

This section is still active and grantees are encouraged to add any measures that would help CJD better understand the project’s activities and performance.

## Submit.Application and Certify.Application Tabs

After completing the application, submit the application by selecting the “Submit Initial Application” button on the bottom of the Submit.Application tab (if your application is missing information, a list of errors will appear on the Submit.Application tab).

After the initial submission, the project officials will receive an email notification. The Authorized Official must then log-in to the application and certify the application by selecting the “Certify Official Application” button at the bottom of the Certify.Application tab (only visible once the application has been initially submitted).

Applications are not complete until the Authorized Official has CERTIFIED the application, and they must do so BEFORE the application deadline.

For support documents and “how-to” videos and other resources, including the Guide to Creating an Application, see the eGrants support page at <https://egrants.gov.texas.gov/updates.aspx>.

## Step 4: Funding Decisions and Grant Acceptance

### Selection Criteria

**Application Screening:** CJD will screen all applications to ensure that they meet the requirements included in the funding announcement. Applications that meet those requirements will move forward to the merit review phase.

**Merit Review – Local Projects:** Projects with a local impact will be reviewed by a panel appointed by the local Council of Governments using their own criteria. The merit review panels will assess the applications for quality and rank by priority, and then report their findings to the CJD executive director.

**Merit Review – Statewide Projects:** Projects with a statewide impact will be reviewed by a panel appointed by the CJD executive director in an effort to prioritize funding. The merit review panel will assess and score each application on a 100-point scale, and then report its findings to the executive director. Scores will be based on the following criteria:

- **Problem (20 points):** The extent to which the applicant demonstrates: (1) that the problem stated warrants action; (2) that the applicant has a thorough understanding of it; and (3) how it relates to CJD’s program priorities as stated in this funding announcement. For this category, merit reviewers will consider the Project Narrative’s Problem Statement, Target Group, and Supporting Data sections, as well as information from the Activities and Measures tabs and the program-specific question on the Narrative tab. CJD may also make external data available to the panel to inform their assessment, where relevant.
- **Project Strategy (35 points):** The extent to which the applicant demonstrates: (1) that the project approach clearly addresses the problem stated; (2) that the strategy will be effective at delivering the proposed outcomes; and (3) that the proposed approach is based on logical practices, as well as on established evidence, research, science, or best or promising practices. For this category, the merit reviewers will consider the Project Narrative’s Project Approach and Activities, Evidence-Based Practices, and Supporting Data sections, as well as information from the Activities and Measures tabs and the program-specific questions on the Narrative tab.
- **Performance Management (15 points):** The extent to which the applicant demonstrates: (1) that the organization is capable of accurately assessing needs; (2) is able to manage and execute strategies and plans; (3) has the skills and capacity to measure, analyze, and respond to performance data; and (4) has a plan or method to monitor results and performance and use this information to inform changes to the project approach. For this category, the merit

reviewers will consider the Project Narrative's Performance Management and Data Management sections.

- **Capacity and Capabilities (30 points):** The extent to which the applicant demonstrates: (1) that the organization has a track record of success; (2) that it has the staff capabilities and capacity needed to deliver strong results; and (3) that it has the administrative and financial capability to manage the grant and the project well. For this category, the merit reviewers will consider the Project Narrative's Capacity and Capabilities section.
- **Cost Effectiveness (additional criteria using a 1-5 scale):** While not part of the 100-point merit review scale, the merit reviewers will provide a separate score for cost effectiveness. This score is based on the extent to which the budget seems reasonable to carry out the project as proposed, including the established measures and goals (as outlined in the Performance Management section of the Project Narrative). For this category, the merit review panel will consider the project budget, the full project narrative, and information from the Activities and Measures tabs.

**Final Decisions – All Projects:** The executive director will consider merit review rankings along with other factors and make all final funding decisions. Other factors may include cost effectiveness, overall funds availability, CJD or state government priorities and strategies, legislative directives, need, geographic distribution, balance of focuses and approaches, or other relevant factors.

CJD may not fund all applications or may only award part of the amount requested. Per Rule 3.9 of the Texas Administrative Code, all funding decisions made by the executive director are final and are not subject to appeal. The receipt of an application by CJD does not obligate CJD to fund the grant or to fund it at the amount requested.

## Announcements

After CJD makes final funding decisions, each applicant will receive either an unfunded notice, a preliminary decision notification, or final grant award. The award will provide all of the conditions and requirements of the grant. Release of final grant awards are always contingent on CJD's receipt of the federal grant award under which the program is funded and CJD cannot release or guarantee funding to any applicant until that award is received and acceptance is processed and a determination is made that adequate funding is available.

All grantees receiving federal and state funds must comply with the applicable statutes, rules, regulations, and guidelines related to the funding source under which the grant is funded. In instances where both federal and state requirements apply to a grantee, the more restrictive requirements apply.

## Accept the Award

Applicants that receive funding through the final award process will need to follow the instructions found within the award to accept the grant officially.

## Appendices

### Appendix A: Required Certifications

Applicants must certify that they will comply with the following requirements to the extent that they are applicable. CJD, at its sole discretion, will determine the applicability of requirements:

Applicants must certify that they will comply with the following requirements to the extent that they are applicable. CJD, at its sole discretion, will determine the applicability of requirements:

**A. Forensic Medical Examination Payments:** Health care facilities shall conduct a forensic medical examination of a victim of an alleged sexual assault if the victim arrived at the facility within 96 hours after the assault occurred and the victim consents to the examination. The victim is not required to participate in the investigation or prosecution of an offense as a condition of receiving a forensic medical examination, nor pay for the forensic examination or the evidence collection kit. The evidence collection portion of the exam is to be paid by law enforcement per state law. Crime Victim Compensation funds may be used to pay for the medical portion of the exam unless the victim of sexual assault is required to seek reimbursement for the examination from their insurance carrier. If a health care facility does not provide diagnosis or treatment services for sexual assault victims, the facility is required to refer the victim to a facility that provides those services.

**B. Confidentiality and Privacy:** Applicant agrees to maintain the confidentiality of client-counselor information and research data, as required by state and federal law. Personally identifying information or individual information collected in connection with services requested, utilized, or denied may not be disclosed; or, reveal individual client information without informed, written, reasonably time-limited consent of the person about whom information is sought. If release of information is compelled by statutory or court mandate, reasonable attempts to provide notice to victims affected by the disclosure of information will be made and steps necessary to protect the privacy and safety of the persons affected by the release of information will be taken.

**C. Civil Rights Liaison:** A civil rights liaison who will serve as the grantee's civil rights point of contact and who will be responsible for ensuring that the grantee meets all applicable civil rights requirements must be designated. The designee will act as the grantee's liaison in civil rights matters with CJD and with the federal Office of Justice Programs.

**D. Activities that Compromise Victim Safety and Recovery:** Applicant agrees to not engage in activities that jeopardize victim safety, deter or prevent physical or emotional healing for victims, or allow offenders to escape responsibility for their actions.

**E. Legal Assistance for Victims (LAV) Certification:** The applicant certifies that it meets the following federal statutory requirements in regards to the provision of legal advocacy:

- 1) Any person providing legal assistance through a program funded under this VAWA Program:

Additionally, the refusal of a victim to submit to a polygraph or other truth telling examination will not prevent the investigation, charging, or prosecution of an alleged sex offense or on the basis of the results of a polygraph examination.

**G. Protection Orders:** Victims applying for a protective order or their attorney may not bear the costs associated with the filing of an order of protections.

**H. Offender firearm prohibition:** Per 18 USC § 992(g), offenders convicted of a felony or misdemeanor level crime of domestic violence and anyone subject to a domestic violence protective order is prohibited from possessing a firearm.

Further, the Authorized Official will not be submitting signed letters certifying compliance from the heads of all such departments and understands that failure to comply with this certification may result in OOG, at its sole discretion, rejecting this application and any other application from the relevant county or municipal government.

**M. Immigration Legal Services:** CJD prioritizes funding of projects that provide a full spectrum of counseling, crisis services, and other direct victim services. CJD will not fund projects that focus primarily on immigration legal services and do not provide a significant level of other types of victim services.

Services to Victims of Crime:** Applicant agrees to provide services to victims of crime which include: responding to the emotional and physical needs of crime victims; assisting victims in stabilizing their lives after victimization; assisting victims to understand and participate in the criminal justice system; and providing victims with safety and security. If the application is for a project that serves victims of sexual assault, applicant agrees to provide services to victims of sexual assault which includes providing core services, direct intervention, and related assistance to victims of sexual assault to assist with their recovery from the physical and psychological trauma of rape and sexual assault.

**O. Volunteers:** If awarded VOCA funds, applicant agrees to use volunteers to support either the project or other agency-wide services/activities, unless CJD determines that a compelling reason exists to waive this requirement.

(See "Capacity & Capabilities" instructions in the Funding Announcement.)

**Overall certification:** The grantee shall certify that they have read, understand and will abide by all program requirements and guidelines outlined in the funding announcement, eGrants, the Guide to Grants, the Grantee Conditions and Responsibilities (available at [https://egrants.gov.texas.gov/FileDirectory/SOGA\\_ResponsibilitiesMemo\\_2016-08-25.pdf](https://egrants.gov.texas.gov/FileDirectory/SOGA_ResponsibilitiesMemo_2016-08-25.pdf) ), and all other applicable documents.

## Appendix B: Project Narrative

Within eGrants, applicants will complete several narrative fields. Each funding announcement has different instructions for the nine Project Narrative boxes. These instructions are not contained on eGrants, so applicants must review the instructions below. Failure to provide the information requested may result in an application being deemed ineligible for funding.

**Project Abstract.** Provide a brief summary of the proposed project. Do not share new information here that you do not include in the questions below. This abstract is a description of your project and intended for the public and policy makers. Be sure that the summary is easy to understand by a person not familiar with your project. (Limit to 1500 characters.)

**Problem Statement:** Provide a description of the nature and scope of the problem in your service area that this proposed project will address. This must be a statement of the core, underlying problem. A lack of resources is not, in and of itself, a problem. Applicant should use the “Performance Management” section below to demonstrate how the Project Approach & Activities will address this problem. Applicants should use the “Supporting Data” to provide the numbers that back up the description of the problem in this section.

**Supporting Data:** Provide supporting data, including baseline statistics and the sources of your data, to provide evidence that the problem exists, its size and scope, and its effects on the target population. Do not use statewide data for a local problem or national data for a statewide problem. Data on particular characteristics of the target population should be entered below under “Target Group.”

**Project Approach & Activities:** Provide the core information needed to understand the methodologies, approaches, and activities to be employed by the project. Provide a rationale for choosing this particular model. Any therapy or licensed counseling provided should include a description of the modality/framework used. A reader should also be able to understand how the approach and activities tie to solving the stated problem. Applicants should use the “Evidence-Based Practices” section below to cite the specific research, evidence, or established best/promising practices that provide the basis for the approach and activities described in this section.

**Capacity & Capabilities:** Describe the applicant organization’s background as well as organizational and staff capabilities and qualifications to carry out this specific project using the approaches and activities provided above. Provide a brief summary of any collaborative partnerships created for the purpose of the proposed project. If the applicant indicates on the Activities tab that licensed or certified personnel will perform work, list each license or certification and upload a list of each person and their relevant corresponding license or certification. Empty positions requiring a license or certification should be noted.

**Performance Management:** Provide an understanding of how the applicant organization will measure success for this project. What are the project’s goals and objectives and what are the project’s performance measures, both output and outcome? How do these goals, objectives, and measures tie to the problem that the project seeks to solve? What is the current baseline information for these measures as well as the goals for the project period?

Goals are broad statements that indicate the general intentions of the project to achieve some outcome. They do need to be measurable in and of themselves and may be abstract in nature.

Objectives are clear, tangible, and specific statements of what the project is trying to achieve. Objectives should be expressed in the following form: To [reduce/increase/enhance/etc.] [something], by [x amount], by [dd/mm/yy date]. A project can have multiple objectives.

Measures use data to provide verifiable, numeric information that tie to one or more objectives and indicate progress toward its achievement. Measures might include volume, time savings, cost savings, resource savings, success rates, conformance rates, timeliness, perception shifts, or other factors. (The most relevant and impactful project-specific measures must be included under the Measures tab in eGrants.)

**Data Management:** Provide an understanding of how the applicant organization plans to collect, track and maintain the data needed to determine whether the project is meeting the goals, objectives, and measures stated above. Describe any methods, mechanisms, or tools used to generate measures. Applicants should give confidence that the data they collect will be accurate, maintained, and analyzed in a manner that enables them to adapt to changing assessments of the problem or project performance, and to evaluate and document the effectiveness of the project.

**Target Group:** Describe the population that this project plans to provide or support direct services to. Include the size and basic demographics for the people served, as well as the challenges they face, and any other information relevant to the project. Be specific and use supporting data. Applicants should demonstrate there that they understand their target group well enough to effectively carry out the project.

**Evidence-Based Practices:** Justify the selection of the methods, approach, and activities described above. Applicants should preferably be able to cite the research, evidence, or published best/promising-practices model used as the basis for the project's design. In case of an equipment or technology grant, what evidence or best/promising-practices model is there to support the purchase? Wherever possible, provide at least one citation or link. If the project approach and activities described above are not based on existing evidence, the applicant must describe why they believe the method to be promising. Failure to adequately provide justification for the project design may result in the project not being funded in favor of other projects based on evidence, established best/promising practices, or adequately explained.

## Appendix C: CJD Purpose Areas

In this new section of the Activities tab, applicants must assign percentages (totaling 100%) of their project’s purpose areas to the available categories, based on an estimate of the funds dedicated to each area. Purpose areas should be considered in terms of the ultimate goal of the project, rather than how the project will accomplish its goals.

**Not All Purpose Areas Displayed on eGrants Are Allowable.** The CJD Purpose Areas section displays activities available under other CJD grant programs, but not all of them are allowable under this program. Applicants should carefully consult the list below to see which activities and OOG-defined measures are allowable under this funding announcement.

**Example:** A project to fund personnel, equipment, and supplies at a sexual assault crisis shelter, which conducts forensic interviews as part of its services. The applicant estimates performing forensic interviews comprises about 8% of their total project budget and that the purpose of the interviews is roughly evenly split between assessing the victim’s needs and providing information to investigators to prosecute offenders. Another 5% of the project budget is spent on cameras and other equipment to secure the shelter. This project would have 87% of its purpose area assigned to “Victim Services”, 4% to “Prosecution and Investigation”, and 5% to “Safety and Security: Victim Services Facilities.”

#### Section 4: Campus-Based Projects

*Applicants under the Violence Against Women Justice and Training Program should only fill out this section if they specifically target victims associated with particular educational campuses, not student-age populations in general. Programs that specifically target an entire school district may simply list the district name.*

If this project is based on – or serves – one or more specific educational campuses (K-12 or higher education), how many total students at all campuses will be served by the project and list each educational campus that will be served by this project.

#### Section 5: Crime or Victim Type

*Applicants under the Violence Against Women Justice and Training Program should assign percentages to the victim category most directly related to the services they deliver and to the most specific category available. For example, if a project serves only victims of Child Sex Trafficking, an applicants should assign 100% to that category and not human trafficking.*

This question is for justice projects that target specific crimes and ALL victim services projects. Others may enter “0” for each option below. Applicants to serve victims of or prosecute/investigate/prevent exclusively child sex trafficking victims should assign 100% to that category.

Select the type(s) of crime or crime victim this project targets and provide the percentage of time dedicated to each. Applicants with projects that target multiple-offense offenders or multiple-victimization victims should assign percentages that best describe the activity. Percentages may not exceed 100%:

- Sexual Assault
- Domestic Abuse

- Child Abuse
- DUI / DWI Crashes
- Homicide
- Assault
- Adults Molested as Children
- Elder Abuse
- Robbery
- Stalking
- Dating/Acquaintance Violence

#### **Section 6: Child Sex Trafficking Questions**

*Applicants under the Violence Against Women Justice and Training Program should only fill out this section if their project specifically targets victims of child sex trafficking and offers services tailored to their needs. If an applicant's project does, it may be more appropriate for them to apply under the Building Capacity to Recover and Restore Survivors of Child Sex Trafficking funding announcement.*

This section is only for projects serving victims of child sex trafficking.

CJD acknowledges that grantees serving child sex trafficking victims may initially enroll, serve, or assess individuals who are eventually determined to be ineligible for services due to their age. For planning purposes, applicants must project the total number of victims expected to be served/enrolled that will be:

- Under the age of 18
- Ages 18 – 22
- Over the age of 22

As a component of your organization's victim services, do you offer direct medical care to victims?  
(yes/no)

Of the number of victims expected to be served/enrolled under Section 1, how many victims are projected to be served for:

- Under 6 months
- 6-12 months
- Over 12 months

Applicants must estimate figures related to screenings and assessments:

- Number of screenings for child sex trafficking victim status performed
- Number of individuals screened for child sex trafficking victim status
- Number of individuals screened with the result of “reason to believe” or “suspicions not confirmed”
- Number of individuals assessed for victim-related needs

Applicants with projects involving multi-disciplinary teams must estimate the:

- Number of expected regular team meetings

Applicants with projects supporting foster care must estimate the:

- Number of nights of respite provided to foster children
- Number of respite episodes facilitated for foster families

## Appendix E: OOG-Defined Project Activity Area and OOG-Defined Output Performance Measure Information

This section have substantial changes from last year, and are important for CJD’s analysis of each application’s merits and of the entire grant program. CJD understands that these figures are estimates, but applicants should be as accurate as possible. Applicants receiving awards will be asked to follow-up with actual measures during and after the grant project period.

**Activities:** Applicants must assign percentages of their project’s activities – based on the portion of project budget – that correspond to the eligible activity categories, and provide a brief description. Activity descriptions should reflect the information entered under the “Project Approach & Activities” section of the Project Narrative on the Narrative tab. Percentages must add up to 100.

**OOG-Defined Measures:** Activating particular activities will also activate all of the CJD measurements assigned to that activity. Applicants should estimate quantities for each measure that applies to their project, or enter a “0” if a measure is not applicable. Measures should be estimates only of activities that occur during the project period.

**Allowable Activities and Measures:** The Activities tab displays activities available under other CJD grant programs, but not all of them are allowable under this program. The Measures tab will display all the measures linked to that activity, including those meant for other CJD programs and not allowable under this funding announcement. Applicants should carefully consult the list below to see which activities and OOG-defined measures are allowable under this funding announcement.

**“Required Total” Measures:** Some measures are marked as a “Required Total.” These measures are for the volume of each activity that an applicant has selected on the Activities tab. For example, if an applicant selects the “Counseling or Substance Abuse” activity, that will activate the measure “REQUIRED TOTAL: Counseling or treatment for substance abuse: Individuals receiving” on the Measures tab. With rare exceptions, applicants should be able to supply estimates for these Required Total measures. If for some reason that is not possible, an applicant must explain why in the “Performance Measurement” section of the Project Narrative on the Narrative tab.

**Activities by Licensed or Credentialed Professionals:** Any applications with activities or measures indicating services performed by a licensed or credentialed professional should list each specific license or credential in the “Capacity & Capabilities” section of the Project Narrative on the Narrative tab.

**Activities using specific models or framework:** Any applications indicating specialized skills training, support, or treatment should specify the model or modality/framework type under the “Project Approach & Activities” section of the Project Narrative on the Narrative tab.

## About CJD

Our mission at the Criminal Justice Division is to direct much needed resources to those who are committed to making Texas a safer place and those who help victims of crime to recover and feel safe again. In carrying out this mission, we are committed to helping our grantees by actively finding ways for them to accomplish their goals and by making sure that we always have our eye to identifying the approaches that work best. We envision positive and beneficial working relationships with our grantees where we provide as much assistance as is needed and where we are always ready with answers, not burdensome restrictions or requirements.

CJD makes over \$250 million in funding available to hundreds of organizations during state fiscal year 2017 for juvenile justice, delinquency prevention, victims services, law enforcement, prosecution, courts, specialty courts, prevention of child sex trafficking, and other types of projects to benefit Texans.
