Subject: RE: Short Range Transit Plan RFP Question

Hello,
Thank you for your interest in the Short Range Transit Plan RFP.
Answers to your questions are as follows:

- Will Metro McAllen provide stop and trip-level ridership data?
We just recently implemented a system with APCs so we won't have much data.
- What is the source of ridership data (i.e. APC, farebox, manual counts)?
Mostly electronic fare collection system (GFI) recently deployed APCs

Regards,
The Lower Rio Grande Valley Development Council
