

TEXAS Watershed Steward

Weslaco, TX

Workshop provided through Clean Water Act 319 nonpoint source grant funding from the TSSWCB and U.S. EPA

The Texas Watershed Steward program is a free, educational workshop designed to help watershed residents improve and protect their water resources by getting involved in local watershed protection and management activities.

July 17, 2019:
8:30 am - 12:30 pm

Texas A&M AgriLife Research & Extension Center
2401 US-83 BUS
Weslaco, TX 78596

Free lunch for attendees
that register by end-of-day, July 15th

The workshop will provide an overview of water quality and watershed management in Texas, including a discussion on the Arroyo Colorado and efforts by the Texas Water Resources Institute and Arroyo Colorado Conservancy to help improve and protect it. Free continuing education credits offered for a wide variety of professional disciplines. For a complete list of CEUs/continuing education offered, or to register, visit our website or call the number below.
