ADDENDUM No. 1

RFQ 2026-07

RGVMPO Hidalgo County West Loop Planning Environmental Linkages Study

Issued Oct. 21st, 2026

The Lower Rio Grande Valley Development Council (LRGVDC), on behalf of the Rio Grande Valley Metropolitan Planning Organization (RGVMPO), hereby issues Addendum No. 1 to Request for Qualifications (RFQ) 2026-07. Vendor submitted questions.

Vendor Question #1:
Should all required attachments/forms be submitted with the original SOQ package only, or are copies required with each SOQ copy?

Response:
All required completed attachments, forms, certifications, and supporting documentation must be included with the original SOQ, each of the seven (7) copies, and the electronic copy submitted on the USB flash drive.

The original package must contain the executed forms, including notarization where required. Reproductions of those completed forms are acceptable for the seven copies and electronic submission; separate signatures and notarizations are not required for each copy.

Vendor Question #2:
Do subconsultants need to complete the Vendor Responsibility Questionnaire (Attachment 4) or any other forms?

Response:
Attachment 4 must be completed by the prime respondent. Proposed subconsultants are not required to submit a separate Attachment 4 or a complete Required Forms Packet with the initial SOQ.

The prime respondent must identify its proposed subconsultants and provide their respective roles and qualifications. Where applicable, the submission must also include subconsultant certification documentation and participation information required under Attachments 11 and 12. The prime respondent remains responsible for ensuring subconsultant compliance with all applicable requirements, including suspension and debarment, conflict-of-interest disclosures, and required subcontract provisions. LRGVDC may request additional forms or supporting documentation from proposed subconsultants before approving their participation.
